5th After apportioning among the Presidents the Municipal Establishments of Dy Comrs, the Dy Comrs may require the services of one or two clerks for the disposal of papers relating to Municipal Administration

The question then arises whether the cost of such establishments is to be borne by Government or by Municipal Councils

It has already been noted that Municipal Councils cannot be asked to bear the cost

The charge has therefore to be debited to the State Revenues

The next question is whether on this account it is necessary to amend the Law It is submitted that if it be the intention of the Govt that Mncpl Councils should bear the cost of Establishments in the Controlling offices then it is necessary to amend the

22 Sec 254 of the Madras District Municipalities Act does not I think apply to cases of this kind It will probably be found that the Municipal work in the Collectors' Offices is done by the Collectors' establishment not paid for from Municipal funds

23 The Municipalities should be exempted from payment of the cost of clerks employed under the Dy Commrs & the same reasons as in the case of Secretariat & Comptr's office It is not worth while amending the Regulations for

33 The last office note dated 8 3 11 is very confusing. The question of contribution towards the cost of the establt is mixed up with that of pensionary contributions. Apart from Munl Asst Secys note of 15 3 11 it does not appear as if that point is being considered.

34 After the Dy Commissioners cease in fact to be Presidents of Municipalities it is doubtful whether the municipalities can be legally made to pay the cost of any establt in Dist offices. If there is any doubt on this point the Govt Advocate should

36 The opinion of the Financial Secretary seems to be that after the Deputy Comrs cease in fact to be Presidents of municipalities, no contribution need be recovered from municipalities on account of establishment charges - Under existing orders, they will continue to be the Presidents of the municipalities in those Taluks of which they hold direct charge and it is a question whether those municipalities are to continue to contribute as heretofore - Then again, if the municipalities in the Taluks in charge of an Apt Comr be relieved of the contributions payable

43 This means that an additional burden of 7 to 8 thousand Rupees should be thrown on the State funds. It is not clear why every Municipality should not pay contribution for establishment maintained at the President's office for municipal work — be the President a Dy Commr or an Asst Commr. Such a course is not I think illegal. There seems to be no reason to relieve the municipalities of what seems to be a very legitimate charge viz providing an office for the President

48 I do not think a draft like this will be suitable. It is misleading and may create an impression that the Municipalities are going to be relieved of some charges whereas as a matter of fact it is merely the case of transfer of charge — viz. Contributing for the Asst Comrs Pay Comrs Establt instead of to the Dy Comrs Establt.

49 It never a really useful one the subject must be grappled in all its intricacy of details. For example it should be explained by way of illustration (say) that the Municipalities in Dist A are now contributing so much towards the cost of establt. Instead of that the Municipalities should now be charged

4 So far as the Municipal Councils constituted under the Nilgiris Municipal Regulation No VII of 1956 are concerned, the law does not allow the cost of the establishment maintained for Municipal work in the offices of control viz the Dy Comrs and the Govt Offices, being recovered from
